Independent Auditors' Review Report

The Board of Director's
Emerging Display Technologies Corp

Introduction

We have reviewed the accompanying consolidated balance sheets of Emerging Display Technologies Corp. (the Company) and subsidiaries as of June 30, 2020 and 2019, and the related consolidated statements of comprehensive income for the three months and the six months ended June 30, 2020 and 2019, and changes in equity and cash flows for the six months ended June 30, 2020 and 2019, and notes to the consolidated financial statements, including a summary of significant accounting policies. Management is responsible for the preparation and fair presentation of the consolidated financial statements in accordance with the Regulations Governing the Preparation of Financial Reports by Securities Issuers and International Accounting Standard 34, "Interim Financial Reporting" endorsed issued into effect and by the Financial Supervisory Commission of the Republic of China. Our responsibility is to express a conclusion on the consolidated financial statements based on our reviews.

Scope of Review

Except as explained in the Basis for Qualified Conclusion paragraph, we conducted our reviews in accordance with Statement of Auditing Standards 65, "Review of Financial Information Performed by the Independent Auditor of the Entity". A review of the consolidated financial statements consists of making inquiries, primarily of persons responsible for financial and accounting matters, and applying analytical and other review procedures. A review is substantially less in scope than an audit conducted in accordance with the generally accepted auditing standards and consequently does not enable us to obtain assurance that we would become aware of all significant matters that might be identified in an audit. Accordingly, we do not express an audit opinion.

Basis for Qualified Conclusion

As stated in Note 4(b), the consolidated financial statements included the financial statements of certain nonsignificant subsidiaries, which were not reviewed by independent accountants. These financial statements reflect total assets amounting to \$207,986 thousand and \$268,783 thousand, constituting 5.70% and 7.96% of consolidated total assets as of June 30, 2020 and 2019, respectively, total liabilities amounting to \$74,892 thousand and \$77,951 thousand, constituting 4.23% and 5.09% of consolidated total liabilities as of June 30, 2020 and 2019, respectively, and total comprehensive income amounting to loss \$37,368 thousand, profit \$13,350 thousand, loss \$34,609 thousand and profit \$11,732 thousand, constituting 44.40%, 13.30%, 30.45% and 7.11% of consolidated total comprehensive income for the three months and the six months ended June 30, 2020 and 2019, respectively.

Qualified Conclusion

Based on our reviews, except for the effects of the adjustments, if any, as might have been determined to be necessary had the financial statements of certain consolidated subsidiaries and equity accounted investee companies described in the Basis for Qualified Conclusion paragraph above been reviewed by independent accountants, nothing has come to our attention that causes us to believe that the accompanying consolidated financial statements do not present fairly, in all material respects, the consolidated financial position of the Emerging Display Technologies Corp. and subsidiaries as of June 30, 2020 and 2019, and of its consolidated financial performance and its consolidated cash flows for the six months ended June 30, 2020 and 2019 in accordance with the Regulations Governing the Preparation of Financial Reports by Securities Issuers and International Accounting Standard 34, “Interim Financial Reporting” endorsed by the Financial Supervisory Commission of the Republic of China.

The engagement partners on the audit resulting in this independent auditors’ review report are Po Jen, Yang and Yen Ta, Su

Notes to Readers

The accompanying consolidated financial statements are intended only to present the statement of financial position, financial performance and cash flows in accordance with the accounting principles and practices generally accepted in the Republic of China and not those of any other jurisdictions. The standards, procedures and practices to audit such consolidated financial statements are those generally accepted and applied in the Republic of China.

The independent auditors’ review report and the accompanying consolidated financial statements are the English translation of the Chinese version prepared and used in the Republic of China. If there is any conflict between, or any difference in the interpretation of the English and Chinese language independent auditors’ review report and consolidated financial statements, the Chinese version shall prevail.

Notes to consolidated financial statements

For the six months ended June 30, 2020 and 2019

(All amounts expressed in thousands of New Taiwan dollars, unless otherwise specified)

(Reviewed, not audited)

(1) Organization and Business Scope

Emerging Display Technologies Corp. (the Company) and its subsidiaries was incorporated as a limited liability Group under the laws of the Republic of China (ROC) on September 23, 1994. The address of its registered office and principal place of business is No.5, Central 1st Rd, Kaohsiung Economic Processing Zone, Kaohsiung City, Taiwan. The Consolidated financial statements comprise Emerging Display Technologies Corp. and its subsidiaries (jointly referred to as the Group). The Group is engaged in the manufacture and sale of Capacity Touch Panel and liquid crystal displays (LCDs).

(2) Financial Statements Authorization Date and Authorization Process

The consolidated financial statements were authorized for issuance by the Board of Directors on August 5, 2020.

(3) Application of New and Revised International Financial Reporting Standards and Interpretations

(a) The impact of new and revised International Financial Reporting Standards and Interpretations endorsed by the Financial Supervisory Commission, R.O.C. ("FSC")

The following new standards, interpretations and amendments have been endorsed by the FSC and are effective for annual periods beginning on or after January 1, 2020 :

<u>New, Revised or Amended Standards and Interpretations</u>	<u>Effective date per IASB</u>
Amendments to IFRS 3 "Definition of a Business"	January 1, 2020
Amendments to IFRS 9, IAS 39, and IFRS 7 "Interest Rate Benchmark Reform "	January 1, 2020
Amendments to IAS 1 and IAS 8 "Definition of Material"	January 1, 2020
Amendments to IFRS 16 "COVID-19-Related Rent Concessions"	June 1, 2020

Except for the following items, the Group believes that the adoption of the above IFRSs would not have any material impact on its consolidated financial statements. The extent and impact of significant changes are as follows :

Amendments to IFRS 16 "COVID-19-Related Rent Concessions"

As a practical expedient, a lessee may elect not to assess whether a rent concession that meets conditions is a lease modification and the change in lease liability is recognized in profit or loss. The amendments have been endorsed by the FSC in July 2020, earlier application from January 1,2020 is permitted. Related accounting policy is explained in Note 4(c).

The Group has elected to apply the practical expedient for all rent concessions that meet the criteria beginning January 1,2020, with early adoption. No adjustment was made upon the initial application of the amendments. The amounts recognized in profit or loss for the three months and the six months ended June 30,2020 were 116 thousand and 1,181 thousand, respectively.

Notes to consolidated financial statements

(c) Leases

The Group elects to apply the practical expedient to all of these rent concessions, and therefore, does not assess whether the rent concessions are lease modifications:

- (I) The rent concessions occurring as a direct consequence of the COVID-19 pandemic.
- (II) The change in lease payments results in revised consideration for the lease that is substantially the same as, or less than, the consideration for the lease immediately preceding the change.
- (III) Any reduction in lease payments affects only payments originally due on or before 30 June, 2021; and
- (IV) There is no substantive change to other terms and conditions of the lease.

In accordance with the practical expedient, the effect of the change in the lease liability is reflected in profit or loss in the period in which the event or condition that triggers the rent concession occurs.

(d) Government grant

The grant without any term can be recognized gain at the time the Company acquires.

The grant relating to assets is recognized only when there is reasonable assurance that the group will comply with any conditions attached to the grant and the grant will be received. And the grant will be presented as deferred income at fair value.

The grant is related to depreciable assets, the grant is recognized over the useful life of the assets, on a systematic basis.

The government grant is recognized as income over the period necessary to match them with the related cost, for which they are intended to compensate, on a systematic basis.

(e) Income tax

The Group prepared income tax in conforming with interim income tax measurement and disclosure of paragraph B12 of IAS 34 "Interim Financial Reporting".

Income tax expense is calculated based on an interim period's pre-tax income multiplied by best estimation of the annual income tax rate expected for the full financial year and recognized as current income tax expense. Current income tax expense and deferred tax expense are recognized based on the prorated estimated annual current income tax expense and deferred tax.

Income tax expense is directly recognized in equity items or other comprehensive items which is the temporary difference between book value of assets and liabilities at reporting date and tax basis to measure by using appropriate tax of expected realize assets and settle the liabilities.

(f) Employee benefit

Interim defined benefit pension is calculated on a year-to-date basis using the actuarially determined pension cost rate adjusted for significant market fluctuations, curtailments, settlement or other one-time events.

(i) Lease of land, building and construction

As of June 30, 2020, the Group leases land and buildings for its office use. The leases of land and buildings run for approximately 2 to 10 years, and the lease period of office premises is usually 2 to 3 years. Part of the lease includes an option to extend the same period of the original contract at the end of the lease term.

Lease payments for certain contracts are subject to changes in the local price index, which usually occur once a year.

The lease agreements for some of the equipments include the option to extend the lease or terminate the lease, which are managed separately by each region, and therefore the individual terms and conditions agreed upon are different within the Group. These options are only for the Group to have enforceable rights and the lessor does not have this right. In the event that it is not possible to reasonably determined the period of the extended lease that will be exercisable, the related payments over the period covered by the option are not included in the lease liability.

(ii) Other leases

The lease period for the Group leased transportation equipment is one to two years.

In addition, the lease term of the Group leased machinery and equipment is one to three years. These leases are short-term or low-value leases. The Group chooses to apply the exemption recognition requirement without recognizing its related right-of-use assets and lease liabilities.

(p) Operating lease

There was no increase for operating lease for the six months ended June 30, 2020. Please refer to Note 6(p) of the 2019 consolidated financial statements.

(v) Employee’s remuneration, and directors’ and supervisors’ remuneration

According to the Company’s articles of association, the Company should contribute no less than 5% of the profit as employee remuneration and a maximum of 3% as directors’ and supervisors’ remuneration when there is profit for the year. However, certain amounts of the earnings should be reserved if there is an accumulated loss from operations in previous years in advance of the appropriation of the employee bonuses. The aforementioned employee bonuses will be distributed in cash or stock to employees who satisfy certain specifications of the Group and its affiliates.

The Company accrued the remuneration of employees amounted and the remuneration of directors’ and supervisors’ amounted were as follows :

	April to June, 2020	April to June, 2019	January to June, 2020	January to June, 2019
Employee compensation	\$ 6,384	5,233	9,194	8,604
Directors’ and supervisors’ remuneration	\$ 3,830	3,140	5,516	5,163

The above amount were estimated as the Company’s net income before tax, excluding remuneration of employees and remuneration of directors and supervisors, multiplied by the appropriate percentage in compliance with the Company’s articles. These expenses were recognized in operating costs and operating expenses for the respective period. In case the variances between actual and estimated expenses occur during next year, the variances concerned will be recognized in next year’s profit. If the Company’s Board of Directors resolve to issue its stocks as the remuneration of employees, it will be calculated based on the closing price of its stock on the day before the approval by of Directors.

The accrued compensation of employees amounted to \$16,362 and \$6,704 for 2019 and 2018, respectively, and the accrued remuneration of directors’ and supervisor’s amounted to \$9,817 and \$4,023 respectively. Actual distribution had no difference with accrued amounts. The previous distribution of compensation to employees, remuneration of directors and supervisors approved by Board of Directors for related information, please go to website:

(iii) Market Risk

1) Exchange rate risk

Significant financial assets and liabilities exposed to foreign currency risk were as follows :

	June 30, 2020			December 31, 2019			June 30, 2019		
	Foreign currency	Exchange rate	TWD amount	Foreign currency	Exchange rate	TWD amount	Foreign currency	Exchange rate	TWD amount

USD	2,000	29.63	59,260	3,000	29.98	89,940	5,000	31.06	155,300

The foreign currency risk was mainly incurred from the translation of cash and cash equivalents, accounts receivable, other receivables, financial assets at fair value through profit or loss, financial assets at fair value through other comprehensive income, accounts payable, and other payables. As of June 30, 2020 and 2019, the exchange rate of the TWD versus the USD, CNY, JPY, and EUR increases or decreases by 1%, given no changes in other factors, profit after tax will increase or decrease by \$12,812 and \$10,200, respectively, and equity will increase or decrease by \$113 and \$0, respectively. The analysis assumes that all other variables remain constant.

The Group has variety kinds of functional currencies; hence we use summarized method to disclose exchange gain or loss of monetary items. For the three months and the six months ended June 30, 2020 and 2019, the exchange gains or loss (including realized and unrealized) that resulted from monetary items translated to the functional currency was (\$20,883), \$11,650, (\$2,626) and \$17,252, respectively.

2) Interest rate analysis

Please refer to liquidity risk management for the detail of the Group's financial liabilities' interest exposure.

The sensitivity analysis of interest was made based on the interest rate of derivative and non-derivative instruments at the reporting date. The analysis of liabilities bearing floating interest rates was prepared based on the assumption that the outstanding amount at the reporting date had existed for the whole year.

When internal report to the Group's top management regarding the interest rate change, they use 1% increase or decrease of interest rate assumption as the interest rate change which also represents this is the reasonable interest rate range assessed by the top management.

EMERGING DISPLAY TECHNOLOGIES CORP. AND SUBSIDIARIES

Notes to consolidated financial statements

If interest rates on loans had increased or decreased by 0.25% with all other variables held constantly. The impact on the Group will be as follows :

For the six months ended June 30

2020		2019	
Increase 0.25%	Decrease 0.25%	Increase 0.25%	Decrease 0.25%
After-tax loss	After-tax profit	After-tax profit	After-tax loss
\$ 560	560	550	550

The above-mentioned variables attribute to the Group's change of interest rate on loan.

3) Other price risk

If the prices of financial instrument change at reporting date, with all other variables held constant, the influences were as follows :

For the six months ended June 30

Equity price at reporting date	2020		2019	
	Other comprehensive		Other comprehensive	
	income after tax	Net profit (loss)	income after tax	Net profit (loss)
Increase 3%	\$ 8,385	2,853	9,700	1,345
Decrease 3%	\$ (8,385)	(2,853)	(9,700)	(1,345)

(iv) Fair value

1) Categories and fair values of financial instruments

The fair value of financial assets and liabilities at fair value through profit or loss, and financial assets at fair value through other comprehensive income, are measured on a recurring basis. The following table shows the carrying amount and fair value of financial assets and financial liabilities, including their levels in the fair value hierarchy. It does not include fair value information on financial assets and financial liabilities not measured at fair value if the carrying amount is a reasonable approximation of fair value and on investments in equity instruments which do not have any quoted price in an active market and lease liability.

The Group measures its assets and liabilities use input observable market data. The fair value hierarchy categorizes the inputs used in valuation techniques are as follows:

- Level 1: quoted prices (unadjusted) in the active markets for identified assets or liabilities.
- Level 2: inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly (i.e., as prices) or indirectly (i.e., derived from prices).
- Level 3: inputs for the asset or liability that are not based on observable market data (unobservable inputs).

2) Valuation techniques and assumptions unused in fair value determination

A. Financial assets measured at amortized cost

If the quoted prices in active markets are available, the market price is established as the fair value. However, if quoted prices in active markets are not available, the fair value will be estimated by valuation technique or the prices quoted by competitors.

B. Financial assets and financial liabilities measured at amortized cost

EMERGING DISPLAY TECHNOLOGIES CORP. AND SUBSIDIARIES

Notes to consolidated financial statements

If there is quoted price generated by transactions, the recent transaction price and quoted price data is used as the basis for fair value measurement. However, if no quoted prices are available, the discounted cash flows are used to estimate fair values.

3) Valuation techniques and assumptions used in fair value determination

Non-derivative instruments

If a financial instrument has a quoted price in an active market, the quoted price is used as fair value. Quoted prices of major stock exchanges and quoted prices of government bonds are the basis for measuring the fair value of stocks listed on an exchange, stocks listed on the OTC, and debt instruments with quoted prices in an active market.

The fair values of the Group's listed securities and open-end funds with standard terms and conditions and traded in active markets are determined by the quoted market prices.

Measurements of fair value of financial instruments without active market are based on valuation technique or quoted price from competitor. Fair value measured by valuation technique can be extrapolated from similar financial instruments, discounted cash flow method or other valuation technique. Using discounted cash flow method to calculate fair value, the main assumption is to reflect monetary time value and return of invest risk to discount and measure based on investee's estimated future cash flow.

Derivative instruments

The fair value of Swap contracts is based on quoted prices from the counterparty.

4) Transfer between level 1 and level 2

There was no transfer between the fair value hierarchy levels for the year ended June 30, 2020 and 2019.

5) Movement of financial assets through other comprehensive income categorized within Level 3.

	Financial assets at fair value through other comprehensive income
	Unquoted equity instruments
Balance at January 1, 2020	\$ 139,872
Recognized in other comprehensive income	(36,204)

6) Quantified information on significant unobservable inputs (Level 3) used in fair value measurement

The Group's financial instruments that use Level 3 inputs to measure fair value include financial assets measured at fair value through other comprehensive income— equity investments.

The Group's equity investments without active market in Level 3 have more than one significant unobservable input. The significant unobservable inputs of equity investments without active market are individually independent, and there is no correlation between them. Quantified information of significant unobservable inputs was as follows :

<u>Item</u>	<u>Valuation technique</u>	<u>Significant unobservable inputs</u>	<u>Inter-relationship between significant unobservable inputs and fair value measurement</u>
Financial assets at FVOCI - equity investments without an active market	Discounted Cash Flow Method	<ul style="list-style-type: none"> • Continuing growth rate (as of June 30,2020, December 31,2019 and June 30, 2019 ranged from 2.10%、2.10% and 2.14% respectively) • Weighted average cost of capital (as of June 30,2020, December 31,2019 and June 30, 2019 ranged from 9.47%、9.47% and 11.40% respectively) • Market illiquidity discount rate (as of June 30,2020, December 31,2019 and June 30, 2019 ranged from 42.12%、37.21% and 42.85% respectively) • Non-controlling interests discount rate (as of June 30,2020, December 31,2019 and June 30, 2019 were 29.87%) 	<ul style="list-style-type: none"> • If the continuing growth rate was higher, the estimated fair value would increase. • If WACC were higher, the estimated fair value would decrease. • If the market illiquidity discount rate was higher, the estimated fair value would decrease. • If the non-controlling interests discount rate was higher, the estimated fair value would decrease.

7) Fair value measurements in Level 3 – sensitivity analysis of reasonably possible alternative assumptions

The Group's measurement on the fair value of financial instruments is deemed reasonable despite different valuation models or assumptions may lead to different results.

For fair value measurements in Level 3, changing one or more of the assumptions would have the following effects on other comprehensive income :

<u>Inputs</u>	<u>Fluctuation in inputs</u>	<u>Changes in fair value reflected in OCI</u>	
		<u>Favorable</u>	<u>Unfavorable</u>
June 30, 2020			
Continuing growth rate 2.10%	0.1%	\$ 1,330	1,400
