Independent Auditors' Review Report

The Board of Director's
Emerging Display Technologies Corp

Introduction

We have reviewed the accompanying consolidated balance sheets of Emerging Display Technologies Corp. (the Company) and subsidiaries as of September 30, 2020 and 2019, and the related consolidated statements of comprehensive income for the three months and the nine months ended September 30, 2020 and 2019, and changes in equity and cash flows for the nine months ended September 30, 2020 and 2019, and notes to the consolidated financial statements, including a summary of significant accounting policies. Management is responsible for the preparation and fair presentation of the consolidated financial statements in accordance with the Regulations Governing the Preparation of Financial Reports by Securities Issuers and International Accounting Standard 34, "Interim Financial Reporting" endorsed issued into effect and by the Financial Supervisory Commission of the Republic of China. Our responsibility is to express a conclusion on the consolidated financial statements based on our reviews.

Scope of Review

Except as explained in the Basis for Qualified Conclusion paragraph, we conducted our reviews in accordance with Statement of Auditing Standards 65, "Review of Financial Information Performed by the Independent Auditor of the Entity". A review of the consolidated financial statements consists of making inquiries, primarily of persons responsible for financial and accounting matters, and applying analytical and other review procedures. A review is substantially less in scope than an audit conducted in accordance with the generally accepted auditing standards and consequently does not enable us to obtain assurance that we would become aware of all significant matters that might be identified in an audit. Accordingly, we do not express an audit opinion.

Basis for Qualified Conclusion

As stated in Note 4(b), the consolidated financial statements included the financial statements of certain nonsignificant subsidiaries, which were not reviewed by independent accountants. These financial statements reflect total assets amounting to \$209,702 thousand and \$266,751 thousand, constituting 5.40% and 7.31% of consolidated total assets as of September 30, 2020 and 2019, respectively, total liabilities amounting to \$71,778 thousand and \$77,265 thousand, constituting 3.67% and 4.53% of consolidated total liabilities as of September 30, 2020 and 2019, respectively, and total comprehensive income amounting to loss \$12,126 thousand, profit \$2,755 thousand, loss \$46,735 thousand and profit \$14,487 thousand, constituting 32.57%, 1.08%, 30.98% and 5.64% of consolidated total comprehensive income for the three months and the nine months ended September 30, 2020 and 2019, respectively.

Qualified Conclusion

Based on our reviews, except for the effects of the adjustments, if any, as might have been determined to be necessary had the financial statements of certain consolidated subsidiaries and equity accounted investee companies described in the Basis for Qualified Conclusion paragraph above been reviewed by independent accountants, nothing has come to our attention that causes us to believe that the accompanying consolidated financial statements do not present fairly, in all material respects, the consolidated financial position of the Emerging Display Technologies Corp. and subsidiaries as of September 30, 2020 and 2019, and of its consolidated financial performance for the three months ended September 30, 2020 and 2019 and its consolidated financial performance, and its consolidated cash flows for the nine months ended September 30, 2020 and 2019 in accordance with the Regulations Governing the Preparation of Financial Reports by Securities Issuers and International Accounting Standard 34, “Interim Financial Reporting” endorsed by the Financial Supervisory Commission of the Republic of China.

The engagement partners on the audit resulting in this independent auditors’ review report are Po Jen, Yang and Yen Ta, Su

EMERGING DISPLAY TECHNOLOGIES CORP. AND SUBSIDIARIES

Notes to consolidated financial statements

For the nine months ended September 30, 2020 and 2019

(All amounts expressed in thousands of New Taiwan dollars, unless otherwise specified)

(Reviewed, not audited)

(1) Organization and Business Scope

Emerging Display Technologies Corp. (the Company) and its subsidiaries was incorporated as a limited liability Group under the laws of the Republic of China (ROC) on September 23, 1994. The address of its registered office and principal place of business is No.5, Central 1st Rd, Kaohsiung Economic Processing Zone, Kaohsiung City, Taiwan. The Consolidated financial statements comprise Emerging Display Technologies Corp. and its subsidiaries (jointly referred to as the Group). The Group is engaged in the manufacture and sale of Capacity Touch Panel and liquid crystal displays (LCDs).

(2) Financial Statements Authorization Date and Authorization Process

The consolidated financial statements were authorized for issuance by the Board of Directors on November 3, 2020.

(3) Application of New and Revised International Financial Reporting Standards and Interpretations

- (a) The impact of new and revised International Financial Reporting Standards and Interpretations endorsed by the Financial Supervisory Commission, R.O.C. ("FSC")

The following new standards, interpretations and amendments have been endorsed by the FSC and are effective for annual periods beginning on or after January 1, 2020 :

New, Revised or Amended Standards and Interpretations	Effective date per IASB
Amendments to IFRS 3 "Definition of a Business"	January 1, 2020
Amendments to IFRS 9, IAS 39, and IFRS 7 "Interest Rate Benchmark Reform "	January 1, 2020
Amendments to IAS 1 and IAS 8 "Definition of Material"	January 1, 2020
Amendments to IFRS 16 "COVID-19-Related Rent Concessions"	June 1, 2020

Except for the following items, the Group believes that the adoption of the above IFRSs would not have any material impact on its consolidated financial statements. The extent and impact of significant changes are as follows :

Amendments to IFRS 16 "COVID-19-Related Rent Concessions"

As a practical expedient, a lessee may elect not to assess whether a rent concession that meets conditions is a lease modification and the change in lease liability is recognized in profit or loss. The amendments have been endorsed by the FSC in July 2020, earlier application from January 1, 2020 is permitted. Related accounting policy is explained in Note 4(c).

The Group has elected to apply the practical expedient for all rent concessions that meet the criteria beginning January 1, 2020, with early adoption. No adjustment was made upon the initial application of the amendments. The amounts recognized in profit or loss for the three months and the nine months ended September 30, 2020 were 174 and 1,355, respectively.

EMERGING DISPLAY TECHNOLOGIES CORP. AND SUBSIDIARIES

Notes to consolidated financial statements

(c) Leases

The Group elects to apply the practical expedient to all of these rent concessions, and therefore, does not assess whether the rent concessions are lease modifications:

- (I) The rent concessions occurring as a direct consequence of the COVID-19 pandemic.
- (II) The change in lease payments results in revised consideration for the lease that is substantially the same as, or less than, the consideration for the lease immediately preceding the change.
- (III) Any reduction in lease payments affects only payments originally due on or before 30 June, 2021; and
- (IV) There is no substantive change to other terms and conditions of the lease.

In accordance with the practical expedient, the effect of the change in the lease liability is reflected in profit or loss in the period in which the event or condition that triggers the rent concession occurs.

(d) Government grant

The grant without any term can be recognized gain at the time the Company acquires.

The grant relating to assets is recognized only when there is reasonable assurance that the group will comply with any conditions attached to the grant and the grant will be received. And the grant will be presented as deferred income at fair value.

The grant is related to depreciable assets, the grant is recognized over the useful life of the assets, on a systematic basis.

The government grant is recognized as income over the period necessary to match them with the related cost, for which they are intended to compensate, on a systematic basis.

(e) Income tax

The Group prepared income tax in conforming with interim income tax measurement and disclosure of paragraph B12 of IAS 34 “Interim Financial Reporting”.

Income tax expense is calculated based on an interim period’s pre-tax income multiplied by best estimation of the annual income tax rate expected for the full financial year and recognized as current income tax expense. Current income tax expense and deferred tax expense are recognized based on the prorated estimated annual current income tax expense and deferred tax.

Income tax expense is directly recognized in equity items or other comprehensive items which is the temporary difference between book value of assets and liabilities at reporting date and tax basis to measure by using appropriate tax of expected realize assets and settle the liabilities.

(f) Employee benefit

Interim defined benefit pension is calculated on a year-to-date basis using the actuarially determined pension cost rate adjusted for significant market fluctuations, curtailments, settlement or other one-time events.

Notes to consolidated financial statements

On November 17, 2016, the Group entered into a syndicated loan agreement with eight banks led by Tai Shin Bank for the period from the date of first borrowing to the three-year term with cycle use lines of credit. The credit line will decrease every 6 months since two years after the first appropriation date. The first and second phase will decrease by 20% of the effective credit line, and the third phase will decrease by 60%. The Group will repay the total borrowing upon maturity.

For the related information and concerned restricted terms, please refer to Note 6(n) of 2019 consolidated financial statements. The Group borrowed \$400,000 on August 15, 2017, as of September 30, 2020, the contract had been expired and fully repaid.

Assets pledged as collateral for long-term loans are disclosed in Note 8.

On May 15, 2020, the Group entered into a syndicated loan agreement with seven banks led by E.SUN Bank, total amount is \$800,000. For the period from the date of first borrowing to the five-year term with cycle use lines of credit.

According to the loan agreement, first borrowing should repay the syndicated loan in full first which made on November 17, 2016.

Besides, if line of credit is unused within nine months, the date of first borrowing will still be after nine months since signed date. And base on the date to calculate cycle use line of credit.

As of September 30, 2020, the lines of credit were unused.

	For the nine months ended September 30	
	2020	2019
Total cash outflow for leases	\$ 11,902	13,526

(i) Lease of land, building and construction

As of September 30, 2020, the Group leases land and buildings for its office use. The leases of land and buildings run for approximately 2 to 10 years, and the lease period of office premises is usually 2 to 3 years.

Lease payments for certain contracts are subject to changes in the local price index, which usually occur once a year.

The lease agreements for some of the equipment include the option to extend the lease or terminate the lease, which are managed separately by each region, and therefore the individual terms and conditions agreed upon are different within the Group. These options are only for the Group to have enforceable rights and the lessor does not have this right. In the event that it is not possible to reasonably determined the period of the extended lease that will be exercisable, the related payments over the period covered by the option are not included in the lease liability.

(ii) Other leases

The lease period for the Group leased transportation equipment is one to two years.

In addition, the lease term of the Group leased machinery and equipment is one to three years. These leases are short-term or low-value leases. The Group chooses to apply the exemption recognition requirement without recognizing its related right-of-use assets and lease liabilities.

(p) Operating lease

There was no increase for operating lease for the nine months ended September 30, 2020. Please refer to Note 6(p) of the 2019 consolidated financial statements.

(y) Financial instruments

There was no significant change of the Group's fair value of financial instruments, exposure to credit risk, liquidity risk and market risk except below statements. Please refer to Note 6(y) of 2019 consolidated financial statements.

(i) Credit risk

1) Exposure to credit risk

The Group's maximum exposure to credit risk is the carrying amount of financial assets and contract assets.

2) Concentration of credit risk

As of September 30, 2020, one customer accounted for 43.19%, of total accounts receivable balance. As of December 31, and September 30, 2019, there was no significant concentration of its accounts receivable.

3) Accounts receivable of credit risk

Please refer to Note 6(d) for accounts receivable and notes receivable of credit risk exposure.

Other financial assets measured at amortized cost including other accounts receivable, refundable deposits, and certificate deposit recognized as debt instrument without active market. All of these financial assets are considered to be low risk, and thus the impairment provision recognized during the period was limited to 12 months expected credit losses. None of the expected credit losses that should be included in the assessment. Please refer to Note 6(e).

(ii) Liquidity risk

Details of financial liabilities categorized by due dates were as follows. The amounts include interest expenses but exclude the impacts of negotiated net amounts.

The foreign currency risk was mainly incurred from the translation of cash and cash equivalents, accounts receivable, other receivables, financial assets at fair value through profit or loss, financial assets at fair value through other comprehensive income, accounts payable, and other payables. As of September 30, 2020 and 2019, the exchange rate of the TWD versus the USD, CNY, JPY, and EUR increases or decreases by 1%, given no changes in other factors, profit after tax will increase or decrease by \$11,468 and \$11,707, respectively, and equity will increase or decrease by \$108 and \$0, respectively. The analysis assumes that all other variables remain constant.

The Group has variety kinds of functional currencies; hence we use summarized method to disclose exchange gain or loss of monetary items. For the three months and the nine months ended September 30, 2020 and 2019, the exchange gains or loss (including realized and unrealized) that resulted from monetary items translated to the functional currency was (\$30,740), \$3,219, (\$33,366) and \$20,471, respectively.

2) Interest rate risk

Please refer to liquidity risk management for the detail of the Group's financial liabilities' interest exposure.

The sensitivity analysis of interest was made based on the interest rate of derivative and non-derivative instruments at the reporting date. The analysis of liabilities bearing floating interest rates was prepared based on the assumption that the outstanding amount at the reporting date had existed for the whole year.

When internal report to the Group's top management regarding the interest rate change, they use 0.25% increase or decrease of interest rate assumption as the interest rate change which also represents this is the reasonable interest rate range assessed by the top management.

EMERGING DISPLAY TECHNOLOGIES CORP. AND SUBSIDIARIES

Notes to consolidated financial statements

If interest rates on loans had increased or decreased by 0.25% with all other variables held constantly. The impact on the Group will be as follows :

For the nine months ended September 30			
2020		2019	
Increase 0.25%	Decrease 0.25%	Increase 0.25%	Decrease 0.25%
After-tax loss	After-tax profit	After-tax loss	After-tax profit
\$ 1,510	1,510	1,065	1,065

The above-mentioned variables attribute to the Group's change of interest rate on loan.

3) Other price risk

If the prices of financial instrument change at reporting date, with all other variables held constant, the influences were as follows :

For the nine months ended September 30				
Equity price at reporting date	2020		2019	
	Other comprehensive income after tax	Net profit (loss)	Other comprehensive income after tax	Net profit (loss)

(iv) Fair value

1) Categories and fair values of financial instruments

The fair value of financial assets and liabilities at fair value through profit or loss, and financial assets at fair value through other comprehensive income, are measured on a recurring basis. The following table shows the carrying amount and fair value of financial assets and financial liabilities, including their levels in the fair value hierarchy. It does not include fair value information on financial assets and financial liabilities not measured at fair value if the carrying amount is a reasonable approximation of fair value and on investments in equity instruments which do not have any quoted price in an active market and lease liability.

The Group measures its assets and liabilities use input observable market data. The fair value hierarchy categorizes the inputs used in valuation techniques are as follows:

- Level 1: quoted prices (unadjusted) in the active markets for identified assets or liabilities.
- Level 2: inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly (i.e., as prices) or indirectly (i.e., derived from prices).
- Level 3: inputs for the asset or liability that are not based on observable market data (unobservable inputs).

2) Valuation techniques and assumptions unused in fair value determination

A. Financial assets measured at amortized cost

If the quoted prices in active markets are available, the market price is established as the fair value. However, if quoted prices in active markets are not available, the fair value will be estimated by valuation technique or the prices quoted by competitors.

EMERGING DISPLAY TECHNOLOGIES CORP. AND SUBSIDIARIES

Notes to consolidated financial statements

B. Financial assets and financial liabilities measured at amortized cost

If there is quoted price generated by transactions, the recent transaction price and quoted price data is used as the basis for fair value measurement. However, if no quoted prices are available, the discounted cash flows are used to estimate fair values.

3) Valuation techniques and assumptions used in fair value determination

Non-derivative instruments

If a financial instrument has a quoted price in an active market, the quoted price is used as fair value. Quoted prices of major stock exchanges and quoted prices of government bonds are the basis for measuring the fair value of stocks listed on an exchange, stocks listed on the OTC, and debt instruments with quoted prices in an active market.

The fair values of the Group's listed securities and open-end funds with standard terms and conditions and traded in active markets are determined by the quoted market prices.

Measurements of fair value of financial instruments without active market are based on valuation technique or quoted price from competitor. Fair value measured by valuation technique can be extrapolated from similar financial instruments, discounted cash flow method or other valuation technique. Using discounted cash flow method to calculate fair value, the main assumption is to reflect monetary time value and return of invest risk to discount and measure based on investee's estimated future cash flow.

Derivative instruments

The fair value of Swap contracts is based on quoted prices from the counterparty.

4) Transfer between level 1 and level 2

There was no transfer between the fair value hierarchy levels for the nine months ended September 30, 2020 and 2019.

5) Movement of financial assets through other comprehensive income categorized within Level 3.

6) Quantified information on significant unobservable inputs (Level 3) used in fair value measurement

The Group's financial instruments that use Level 3 inputs to measure fair value include financial assets measured at fair value through other comprehensive income— equity investments.

The Group's equity investments without active market in Level 3 have more than one significant unobservable input. The significant unobservable inputs of equity investments without active market are individually independent, and there is no correlation between them.

Quantified information of significant unobservable inputs was as follows :

Item	Valuation technique	Significant unobservable inputs	Inter-relationship between significant unobservable inputs and fair value measurement
Financial assets at FVOCI - equity investments without an active market	Discounted Cash Flow Method	<ul style="list-style-type: none"> Continuing growth rate (as of September 30, 2020, December 31, 2019 and September 30, 2019 ranged from 2.10% 、2.10% and 2.14% respectively) Weighted average cost of capital (as of September 30, 2020, December 31, 2019 and September 30, 2019 ranged from 9.79% 、9.47% and 11.50% respectively) Market illiquidity discount rate (as of September 30, 2020, December 31, 2019 and September 30, 2019 ranged from 52.61% 、37.21% and 41.86% respectively) Non-controlling interests discount rate (as of September 30, 2020, December 31, 2019 and September 30, 2019 were 29.87%) 	<ul style="list-style-type: none"> The higher the continuing growth rate, the higher the fair value. The higher the WACC, the lower the fair value. The higher the market illiquidity discount rate, the lower the fair value. The higher the non-controlling interests discount rate, the lower the fair value.

7) Fair value measurements in Level 3 – sensitivity analysis of reasonably possible alternative assumptions

The Group's measurement on the fair value of financial instruments is deemed reasonable despite different valuation models or assumptions may lead to different results.

For fair value measurements in Level 3, changing one or more of the assumptions would have the following effects on other comprehensive income :

Inputs	Fluctuation in inputs	Changes in fair value reflected in OCI	
		Favorable	Unfavorable
September 30, 2020			
Continuing growth rate 2.10%	0.1%	\$ 1,050	1,050
