Emerging Display Technologies Corp. 2015 Business Report

Dear Shareholders,

First and foremost, I would like to thank you for taking time from your busy schedule to attend this shareholders' meeting. On behalf of **edt**, I would like to express my utmost appreciation for your support and encouragement.

The results of our operating performance in 2015 and outlook for the future are as following:

2015 Business Report

1. Operating Performance

Though consolidated net operating revenue in 2015 totaled NT\$3,476,757 thousand has a decrease of 11.3% under NT\$3,919,890 thousand in 2014, overall gross profit has increased due to the effects of continuing proportional increase in product portfolio combining Capacitive Touch Panel (CTP) and Thin Film Transistor Liquid Crystal Display (TFT), increased average selling price, and favorable exchange rates. Consolidated net income was NT\$266,637 thousand and earnings per share were NT\$1.25.

LCD panels and modules make up 70% of total sales. Because of increased demand from individual clients, Capacitive Touch Panel (CTP) make up around 30% of sold amount and this has a positive effect on profit growth and capacity utilization.

Looking back on the past year, although there were still many unfavorable macro-environmental elements and the Capacitive Touch Panel (CTP) industry has entered a mature low margin stage, we continued to enhance and improve the touch function of Capacitive Touch Panel (CTP) for diverse small niche markets to service the market demand of various emerging applications that accompany the growth of the "Internet of Things" and expect to achieve stable profit growth.

The diverse development of touch function will deepen with the growth of emerging application markets. Encouraged by the improvement of various wireless information transmission technologies and mobile computing capabilities, simple and intuitive user interface design will become the mainstream for interactive information display control. Innovation in projected capacitive technology still awaits the touch panel industry to research and develop.

In the competitive environment of the diversified customized demand market, **edt** has always corresponded material application and software design with manufacturing process innovation, implemented professional and technical services, and is committed to the improvement of production yield rate and efficiency as well as effective operating cost control. Holding up to the support of our shareholders, we facilitate the best allocation of company resources and strive to achieve the set operating goals.

2. Consolidated financial results & profitability analysis

Unit: NT\$ thousands

	2015	2014
Operating profit	235,128	114,402
Non operating income and expenses	82,016	98,753
Profit before tax	317,144	213,155
Net profit	266,637	169,993
Return on assets	7.66%	5.15%
Return on shareholders' equity	12.55%	8.32%
Pre-tax income to paid-in capital	14.76%	9.43%
Profit ratio	7.67%	4.34%
Earnings per share (NT\$)	1.25	0.79

3. Research and development Status

- (1) From the establishment of **edt**, the research and development of new technology has been highly valued. We spare no effort in improving product quality and developing new varieties. Research and development results of 2015 are as following:

Item	R&D Results	Description of Benefits
1	High Sensitivity Touch Panel Development	Successful development of CTP prototype that can be used with 8mm cover glass, thus increasing the demand for industrial use products.
2	On-Cell CTP Development	Development of On-Cell CTP prototype that collocate with CTP IC manufacturer and low temperature ITO production process.
3	Surface Treatment Technology Development	Development of surface treatment process, such as self-manufactured AF, AG, LR, AM and outsourced AR, providing product added value.
4	GG and OGS Development For High Reliability	Development of GG and OGS high reliability products using alloy target material.
5	Touch In-Cell For STN Development (5.7" Icon)	Cooperation with touch IC manufacturer to develop STN In-Cell touch technology, thus increasing STN+TP application value.
6	Patent Application	Number of patent proposals totaled 14. Number of patent grants totaled 17 (proposals accumulated in the previous years).

(2) Research and Development Focus for 2016

In response to the vast market of flat panel display, we plan on investing NT\$76,400 thousand into research and development. In addition to sparing no effort in the research and development of existing areas, we are also quite prepared for other flat panel display related markets, such as touch panel. Research and development plans for 2016 are as follows:

- ◆ TOL 2D CTP Development (SITO)
- ◆ TOL-G1F CTP Development For Automobile Application
- ◆ Large Size GFF CTP Development (21"~27")
- ◆ Large Size GGG CTP Development (21"~27")
- ◆ High Sensitivity Touch Panel Development
- ◆ Electro Chromic Device (ECD) Development
- ◆ 3D Holographic Projection System With Air Gesture

Summary of Business Plan for 2016

1. Business objectives

- (1) Develop new technologies and products to expand market.
- (2) Develop effective business model for CTP+TFT module.
- (3) Utilize knowledge management and construct intelligent factory.
- (4) Enhance efficacy of research and development.

2. Expected sales numbers and its basis

(1) Expected sales numbers for 2016:

With the rise of global economy, the sales numbers for 2016 is expected to be:

- | | |
|-------------------------|----------------------|
| ①STN module | 6,000 thousand units |
| ②TFT module | 1,800 thousand units |
| ③Capacitive Touch Panel | 1,200 thousand units |

(2) Basis for expected sales numbers of 2016:

- ①With the emerging trend of smart phones, applications for internet of things, and wearable devices, the future market demand and application of touch panels will continue to grow.
- ②The considerable growth potential for small and medium size TFT panels in consumer and pan-industrial electronic products can drive up the sale of TFT modules.
- ③Integrated touch display design is still in trend with various application market and the customization requirements are relatively high. We believe that there will be a yearly double-digit growth for solutions of touch function combined with display panel.

3. Key sales strategies

- (1) Continuous technological development of the CTP manufacturing process and its material, as well as adaptation technology of related touch sensors and display panels.
- (2) Actively develop new high added value products and markets, such as large size products.
- (3) Research and develop curved surface touch technology for bonding curved glass and film, full lamination technology of display LCD and touch panel modules, and improvement of production yield rate.

Future Development Strategies

1. Focus on the innovative technology development of Capacitive Touch Panel (CTP) and continuous proportional increase of Capacitive Touch Panel products.
2. Enhance TFT LCD design ability, actively seek out sales orders for TFT, and satisfy the different needs of clients.
3. Continuously enhance design development of pan-industrial control application products to maintain future growth and profitability.
4. Actively build IP strategies and invest in research and development to extend into futuristic product technology and seize prior opportunity into high margin markets.
5. Improve the service quality for major clients via the technical service function of overseas channels.

The Impact of the External Competitive Environment, Regulatory Environment and Macroeconomic Conditions

1. In response to EU RoHS and REACH regulations as well as consideration of environmental climate change caused by the greenhouse effect, we will actively work with supplies and vendors in corresponding managerial activities that save energy and reduce carbon emission to comply with environmental trends and enhance product competitiveness.
2. Due to industry characteristics and the overall environment, the average selling price is declining gradually and is bound to affect the increase of gross margin. We will seek continuous growth in revenue and profit through product re-organization, manufacturing process improvement and more efficient supply chain management.
3. Over 90% of total operating revenue of **edt** is export in 2015. Since exchange rate fluctuations have a significant impact on us, efficient and stable financial operations will be used for risk aversion.

With dedication to becoming the leading brand with the most complete small and medium size product line, **edt** stride to hold up to shareholders' expectations and achieve the basis for sustainability and stable development.

Independent Auditors' Report

The Board of Directors
Emerging Display Technologies Corp.

We have audited the accompanying balance sheets of Emerging Display Technologies Corp. (the Company) as of December 31, 2015 and 2014, and the related statements of comprehensive income, changes in equity, and cash flows for the years then ended. These parent-company-only financial statements are the responsibility of the Company's management. Our responsibility is to express an opinion on these financial statements based on our audits. We did not audit the financial statements of EDT-Europe ApS, which reflect investments accounted for using equity method of \$8,920 thousand, representing 0.25% of the Company's total assets, as of December 31, 2014, and which reflect the share of subsidiaries, associates, and joint ventures accounted for using equity method of \$140 thousand, representing 0.07% of the Company's profit before tax, for 2014. The financial statements of EDT-Europe ApS were audited by other auditors, whose report has been furnished to us, and our opinion, insofar as it relates to the amounts above, is based solely on the report of the other auditors.

We conducted our audits in accordance with the "Regulations Governing Auditing and Certification of Financial Statements by Certified Public Accountants" and auditing standards generally accepted in the Republic of China. Those regulations and standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audits and the report of the other auditors provide a reasonable basis for our opinion.

In our opinion, based on our audits and the report of the other auditors, the financial statements referred to in the first paragraph present fairly, in all material respects, the financial position of Emerging Display Technologies Corp. as of December 31, 2015 and 2014, and the results of its operations and cash flows for the years then ended, in conformity with the "Regulations Governing the Preparation of Financial Reports by Securities Issuers".

Independent Auditors' Report

The Board of Directors
Emerging Display Technologies Corp.

We have audited the accompanying consolidated balance sheets of Emerging Display Technologies Corp. (the Company) and subsidiaries as of December 31, 2015 and 2014, and the related consolidated statements of comprehensive income, changes in equity and cash flows for the years then ended. These consolidated financial statements are the responsibility of the Company's management. Our responsibility is to express an opinion on these consolidated financial statements based on our audits. We did not audit the year 2014 financial statements of EDT-Europe ApS, which reflect the total assets of \$8,920 thousand representing 0.25% of the Company's consolidated total assets as of December 31, 2014 and which reflect the net sales of \$278 thousand, representing 0.01% of the Company's consolidated net sales for 2014. The year 2014 financial statements of EDT-Europe ApS were audited by other auditors, whose report has been furnished to us, and our opinion, insofar as it relates to the amounts above, is based solely on the report of the other auditors.

We conducted our audits in accordance with the "Regulations Governing Auditing and Certification of Financial Statements by Certified Public Accountants" and the auditing standards generally accepted in the Republic of China. Those regulations and standards require that we plan and perform the audit to obtain reasonable assurance about whether the consolidated financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the consolidated financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall consolidated financial statement presentation. We believe that our audits and the report of the other auditors provide a reasonable basis for our opinion.

In our opinion, based on our audits and the report of the other auditors, the consolidated financial statements referred to in the first paragraph present fairly, in all material respects, the consolidated financial position of Emerging Display Technologies Corp. and subsidiaries as of December 31, 2015 and 2014 and the results of their consolidated operations and consolidated cash flows for the years then ended, in conformity with the Guidelines Governing the Preparation of Financial Reports by Securities Issuers, the International Financial Reporting Standard, International Accounting Standards, interpretation as well as related guidance translated by Accounting Research and Development Foundation endorsed by the Financial Supervisory Commission of the Republic of China with the effective dates.

We have also audited the standalone balance sheets of Emerging Display Technologies Corp. as of December 31, 2015 and 2014, and the related statements of comprehensive income, changes in equity, and cash flows for the years ended December 31, 2015 and 2014, on which we have issued modified unqualified audit report.

APPENDIX 1

Emerging Display Technologies Corp. Rules of Procedures for Shareholders' Meeting

- Article 1 Shareholders' Meeting of the Company (the "Meeting") should be conducted in accordance with this Rules of Procedures.
- Article 2 Shareholders or their proxies shall attend the Meeting based on attendance certificates and submit the attendance cards for the purpose of signing in. The number of shares represented by shareholders attending the Meeting shall be calculated in accordance with the attendance cards by the shareholders. The attendance and voting of the Meeting should be calculated based on number of shares.
- Article 3 Chairman shall call the Meeting to order when the number of shares represented by shareholders exceeded half of total outstanding shares. If the number of shares represented by the shareholders present at the Meeting has not yet constituted the quorum at the time scheduled for the Meeting, the chairman may postpone the time for the Meeting. The postponements shall be limited to two times at the most. If after two postponements no quorum can yet be constituted but the shareholder present at the Meeting represent more than one-third of the total outstanding shares, tentative resolutions may be made in accordance with Section 1 of Article 175 of the Company Law of the Republic of China. The chairman may announce the Meeting at any time and submit the tentative resolutions to the Meeting for approval if the number of outstanding shares represented by the shareholders present becomes sufficient to constitute the quorum during the process of the Meeting.
- Article 4 The venue for a Meeting shall be the premises of the Company, or a place easily accessible to shareholders and suitable for a Meeting. The Meeting may begin no earlier than 9 a.m. and no later than 3 p.m.
- Article 5 The Chairman of the Board of Directors shall be the chairman presiding at the Meeting in the case the Meeting is convened by the Board of Directors. If, for any reason, the Chairman of the Board of Directors cannot preside at the Meeting, the Chairman should designated one of Directors to preside at the Meeting. Where the Chairman doesn't designate a proxy, Directors may elect a person among themselves to act on behalf of Chairman. When the Meeting is convened by other persons who have the convening right, the Meeting shall be presided by the convener. If there are over two conveners, they should elect one as chairman. In the event that the chairman adjourns the

Meeting in violation of these Rules of Procedures, the shareholders may designate, by a majority of votes represented by shareholders attending the Meeting, one person as chairman to continue the Meeting. After the adjournment of the Meeting, the shareholders may not elect a chairman to continue the Meeting at the original address or at another location.

Article 6 The Company may appoint designated counsel, CPA, or other related persons to attend the Meeting and answer related questions. Persons handling affairs of the Meeting shall wear identification cards or badges.

Article 7 The process of the Meeting shall be tape recorded or videotaped and these tapes shall be preserved for at least one year.

Article 8 The agenda of the Meeting shall be set by the Board of Directors if the Meeting is convened by the Board of Directors. Unless otherwise resolved at the Meeting, the Meeting shall proceed in accordance with the agenda. The above provision applies mutatis mutandis to cases where the Meeting is convened by any person, other than the Board of Directors, entitled to convene such Meeting. Unless otherwise resolved at the Meeting, the chairman cannot announce adjournment of the Meeting before all the discussion items (include special motions) listed in the agenda are resolved. After the adjournment of the Meeting, the shareholders may not elect a chairman to continue the Meeting at the original address or at another location.

Article 9 When a shareholder present at the Meeting wishes to speak, a Speech Note should be filled out with summary of the speech, the shareholder's number and name. The sequence of speeches by shareholders should be decided by the chairman. If any shareholder present at the Meeting submit a Speech Note but does not speak, no speech should be deemed to have been made by such shareholder. In case the contents of the speech of a shareholder are inconsistent with the contents of the Speech Note, the contents of actual speech shall prevail. Unless otherwise permitted by the chairman and the shareholder in speaking, no shareholder shall interrupt the speeches of the other shareholders, otherwise the chairman shall stop such interruption.

Article 10 Unless otherwise permitted by the chairman, each shareholder shall not, for each discussion item, speak more than twice and each time not exceeding 5 minutes. In case of speech of any shareholder violates the above provision or exceeds the scope of the discussion item, the chairman may stop the speech of such shareholder.

- Article 11 A corporate shareholder can only designated one representative to attend the Meeting. If a corporate shareholder designated two or more representatives to attend the Meeting, only one representative can speak for each discussion item.
- Article 12 After the speech of a shareholder, the chairman may respond himself/herself or appoint an appropriate person to respond.
- Article 13 The chairman may announce to end the discussion of any resolution and go into voting if the chairman deems it appropriate.
- Article 14 Except as otherwise provided in the Company Act, the adoption of a discussion shall require an affirmative vote of a majority of the voting rights represented by the attending shareholders. At the time of a vote, for each discussion item, the chairman shall inquiry if there is no one opposed, then the discussion item should be deemed adopted and the effect is the same as voting. A shareholder shall be entitled to one vote for each share held, except when the shares are deemed non-voting shares held by the Company. When one person is concurrently appointed as proxy by two or more shareholders, the voting rights represented by that proxy may not exceed 3 percent of the voting rights represented by the total number of issued shares. If that percentage is exceeded, the voting rights in excess of that percentage shall not be included in the calculation.
- Article 15 If there is amendment to or substitute for a discussion item, the chairman shall decide the sequence of voting for such discussion item, the amendment or the substitute. If any one of them has been adopted, the others shall be deemed vetoed and no further voting is necessary.
- Article 16 The persons to check and the persons to record the ballots during a vote by casting ballots shall be appointed by the chairman. The persons checking the ballots shall be a shareholder. The result of voting shall be announced at the Meeting and placed on record.
- Article 17 The chairman may conduct the disciplinary officers or the security guard to assist in keeping order of the Meeting place. Such disciplinary officers or security guards shall wear badges marked "Disciplinary Officers".
- Article 18 When a Meeting is in progress, the chairman may announce a break based on time considerations.
- Article 19 Any matter not provided in this Rules of Procedures shall be handled in accordance with the Company Act or Article of Incorporation of the Company.
- Article 20 These Rules, and any amendments hereto, shall be implemented after adoption by shareholders' meetings.
